Yes, you were
reporting all
my movements
to the Elders.

The reason why
you followed me
here was to return
to the correct?

What?
That's not true!
I just...

I just...

No, I should've questioned this possibility earlier. I knew the Eternals would've done something like this.

No. It's better to figure out
how to survive on our own.

We must be strong, unlike the weak Ajinom.

The image is the greatest thing on this planet.

Mamoejin Kirin.

It has come to my attention that there have been a few naming errors (since translations for them were done phonetically from Korean to English.) Revisions will be made and a list of changes will be listed at the end of the next chapter. Thank you for reading, and see you in the next one!
